4-th International Symposium  
**Shaping Europe 2020: socio – economic challenges**  
Bucharest, 14<sup>th</sup> – 15<sup>th</sup> November 2014

Dear Madam / Sir,

On behalf of the Organizing Committee we are glad to invite you to submit your abstracts and participate in the **4-th International Symposium “Shaping Europe 2020: socio – economic challenges”** held by Pro Global Science Association in Bucharest (Romania) **on the 14<sup>th</sup> and 15<sup>th</sup> of November 2014.**

The objective of the symposium is to share our experiences in the socio-economic field in the context of Europe 2020. We are living a moment of transformation, and the only way to cope with it is to build a powerful strategy for EU's growth that will reflect on our everyday lives. Three ambitious pillars are established for this strategy: EU economy should become a **smart, sustainable and inclusive economy** for the mutual benefit of EU member states and to sustain their effort to deliver high levels of employment, productivity and social cohesion. To measure in meeting the Europe 2020 goals, it has also been agreed upon five ambitious targets on **employment, innovation, education, social inclusion and climate/energy**. This set of EU-level targets is translated into national strategies in each EU country, reflecting different situations and circumstances.

This symposium is the 4-th International Forum for Ph D students and Post Docs, lecturers, researchers, professors, educational scientists, technologists and European projects experts, who can present their contribution on
